FOR IMMEDIATE RELEASE: (February 5, 2007)

ITEX /imageSource announce Michael Stramaglio of MWAi to its Advisory Board

Fort Lauderdale, FL – The ITEX National Convention and imageSource magazine, the leading information source for Document and Business Solution providers, has named Michael Stramaglio, President and CEO of MWA Intelligence, to its Advisory Board.

Mike Stramaglio has a long history of leadership in the Office Equipment industry. During his nearly 30-year career, Stramaglio has served as President and COO of Hitachi Koki Imaging Solutions, Inc., and held senior management positions with Minolta Corporation and Ricoh Corporation. Stramaglio joined Electronics for Imaging as General Manager of EFI's Service Automation division in 2003. In this role, Stramaglio was responsible for Automated Dispatch Systems and the Intelligent Device Management solution set, bringing them together under a new name: Mobile Workforce Automation.

The ITEX imageSource Advisory Board takes a leadership role in establishing the direction of the editorial content of imageSource, helps choose the Perfect Image Award winners (annual dealer awards), assists in establishing the education tracks for ITEX, and gives industry insight through articles and article input.

ITEX President and founder Marc Spring says, "Mike Stramaglio has long been a key advisor to our staff, helping to steer the direction of ITEX and imageSource magazine. It is our honor to announce Mike as a distinguished member of our Advisory Board, and we look forward to his continuing guidance and expertise for years to come."

About ITEX

ITEX 2007, an award winner of the Folio FAME Award for Best Conference & Expo, is the only national convention that has become an annual mainstay for digital copier and printer dealers, VARs, resellers, vendors in software, hardware, parts and supplies; all integrated document workflow applications and professional services. ITEX is the #1 Dealer Reseller show and the premier One-Stop-Document-Technology-Event to find complete end-to-end Hardware and Software Solutions!
